Lead beneficiary:	AIT-LKR (Main author of the document: RTDS)
Main contact:	Jürgen Roither

Project acronym: SUSTAINair	Project Number: 101006952
Start date of project: 1 January 2021	Project duration: 42 months (June 2024)

1 PUBLISHABLE SUMMARY

The purpose of the D7.1 - Project Manual is to aid the project partners in the implementation of the SUSTAINair project. The report will provide to the Consortium members guidelines in terms of:

- Consortium bodies and their roles;
- Reporting procedures and templates;
- Summary of financial guidelines;
- Partner contacts
- Guidelines for the management process of deliverables and milestones;
- Templates

This document will be updated at later stages as needed.

Disclaimer: This Project Manual is specific to the SUSTAINair project and thus confidential for internal use only. The author(s) do not accept liability for accuracy or correctness of information presented. The document does not in any way overrule the Grant Agreement (incl. Annexes associated) and the Consortium Agreement. The Project Manual's copyright lies solely with RTDS. Permission from RTDS is required to use or distribute this document outside the SUSTAINair project/ SUSTAINair consortium.
